

VIRTUAL TEACHER CONVENTION Manitoba/Saskatchewan

February 12, 2021 (one day) – 8:30AM–3:30PM

**SPIRITUAL
FORMATION**
EPHESIANS 4:11-13

The governments that regulate our schools can offer no expertise in the spiritual formation of our students. Yet the very reason we exist is to offer this level of student development. At this year's convention we will work together to consider how to equip our students to see themselves holistically as image-bearers, created to delight in God, and how they can live lives that invite humanity back into their created values and purposes. Our keynote, Andy Steiger, will help us consider God's purposes for us and during breakout times we will consider how to apply these ideas in a systematic and holistic way to students from K to 12.

KEYNOTE SPEAKER: ANDY STEIGER

When Andy founded Apologetics Canada, he was motivated to stop the exodus of young people leaving the church. God however had much more in store. Andy sees this generation of young people, both Christians and non-Christians alike, as having questions and are seeking truth. He believes the challenge in Western culture is communicating the message of Jesus in a way that people can understand and appreciate. Sharing the gospel requires us all to understand and speak the language of culture and address the questions being asked with intellectual honesty, gentleness and respect. When we do this in the love and winsomeness of Christ Jesus, lives are impacted and culture is changed. Andy speaks internationally at universities, conferences, churches, prisons and coffee shops.

VIRTUAL CONVENTION FEES

ACSI Members: \$50/delegate

Non Members: \$75/delegate
